

# Focus on Functions

Engage your students in learning different approaches to understanding Algebraic Functions.

This is a “Hands-On” Workshop where participants will investigate different approaches to learn about functions.

Participants will receive lessons and materials to enhance classroom instruction.

**College Credit of 3 semester hours for \$45 will be available. CACTUS credit is also available.**

Date: June 7 - 11, 2010 (with 1/2 day follow-up in Fall)

Location: Dixie Middle School, room 406

Time: 8:00 - 4:00

Facilitators: Matt Bassett and Mike Paxman

Snacks and Lunch will be provided.

Space is limited!
